MANAGEMENT CHANGE

Al Hassan appoints general manager for UAE operations

Times News Service

MUSCAT: Al Hassan Engineering Company has announced the appointment of Fabio Titi as the General Manager of its UAE operations based out of Abu Dhabi.

Dr Fabio Titi, an Italian National, holds an electrical engineering degree with a PhD in Electrotechnical Engineering from University of Genova, Italy, said a press statement. He has over two decades of hardcore experience in multiple functions of project and company management in oil, gas and related sectors having worked with internationally acclaimed EPC companies. Prior to this, he was with Ousis General Engineering Company as General Manager heading the UAE Operations.

"Fabio's considerable experience, impressive credentials and qualifications make him the ideal candidate for the role of General Manager - UAE operations. We are confident that he is well equipped to lead and direct the team in UAE and we look forward to supporting him in this task", said Peter Hall, CEO, Al Hassan Engineering Company.
